

HALF-STEPS AND WHOLE-STEPS

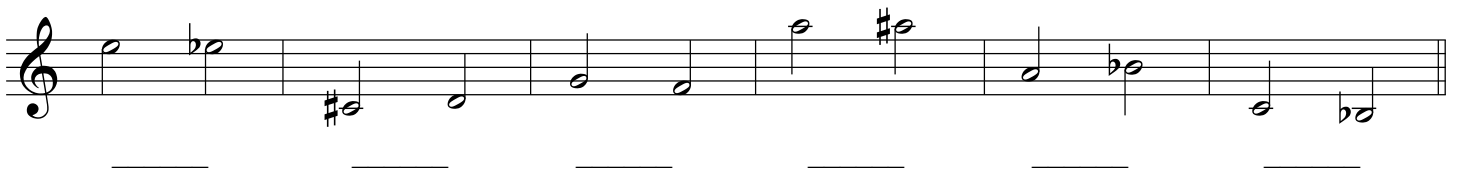

Half-steps move from one pitch (note) to the next note. Half-steps may be notated using the same letter name or two different names.

Whole-steps skip one pitch (note). Whole-steps are typically notated using two different letter names, but may be written using the same letter name.

1. Mark each of the following pairs of notes with W for whole-step or H for half-step.

3. Using quarter notes, complete each of the indicated half-steps or whole-steps.
